

## Your Favourite Toy

Michael Cretu

Only a game we used to play  
Little tin soldiers after school  
You had to win and I would say  
"Now that I'm dead you've lost your fool"  
I can hear you laughing  
Wasn't I your favourite toy?  
Only a life you threw away  
Maybe you always played that game  
Did you believe your luck would stay?  
Didn't you stand too near the flame?  
I can hear you laughing  
I was just your favourite toy  
I can hear you laughing  
Wasn't I your favourite toy?  
Only a feeling since you've gone  
I'm not alone quite like before  
If it's the game we played so long  
Don't wanna lose it anymore  
I can hear you laughing  
I am still your favourite toy
