

Life is a highway  
oh but nobody knows who is driving

life is a movie  
that has made me cry a thousand times

life is like money  
because everybody loves spending

and life is a question  
that everyone's afraid to ask

ref:  
wild life is so wild  
but i've found love for U baby  
wild life is so wild  
I'm an expert so please believe in me  
wild life is so wild  
but I've got love for U baby  
wild life is so wild  
I'am an expert, the best U could meet

life is a sunshine  
when U close your eyes the colour's fading

life is a number  
it's a fraction that you cannot count

life is a parcel  
oh and U should know what you're awaiting

life is whatever  
so just move your ass and keep a smile  
ref...

I'm breaking the silence  
cause now I wanna tell you something  
I'm breaking the silence  
sometimes I really have to shout
