

# I Really Hope It's You

Michael Franks

Everyone knows that the words of a love song  
Are seldom if ever true  
Now it's a periscope  
And I really hope it's you

It's Prince of the Cynics they call me  
It's Three Hundred Shades of Blue  
It's multiple no-o  
But I really hope it's you

I hope it's you (4x)

Got no reason to recommend me  
I'm way over twenty-two  
By a strange horoscope  
And I really hope it's you

I hope it's you (4x)
