

Loving You More And More

Michael Franks

Misterioso how I met you
Was it the Honolulu night?
Stars so bright, sea so blue
Down on Waikiki,
with my arms around you

With my arms around you

One thing's for sure.
I've been loving you more and more.
And for sure I'll be loving you more and more.
Yeah, for sure I'll be loving you more.
more and more and more.

It's furioso how you love me.
We jumped the broomstick
way back when
Rainbow's end, me and you

It's against the law
When we do what we do
When we do what we do

One thing's for sure.
I've been loving you more and more.
And for sure I'll be loving you more and more.
Yeah, for sure I'll be loving you more.
more and more and more.

One thing's for sure.
I've been loving you more and more.
And for sure I'll be loving you more and more.
Yeah, for sure I'll be loving you more.
more and more and more.

One thing's for sure.
I've been loving you more and more.
And for sure I'll be loving you more and more.
Yeah, for sure I'll be loving you more.
more and more and more.
