

# When Sly Calls

Michael Franks

When Sly calls,  
The profit speaks  
When Sly calls,  
The secret leaks  
The sky falls,  
The dice are tossed  
The war is won,  
The battle's lost  
When Sly calls,  
It's thirteen takes  
When Sly calls,  
The summer breaks  
The sky falls,  
The rain begins  
And on the box some Leon spins  
To insulate me from the icy aftershock I feel each time  
That Sly calls

(Don't touch that phone  
don't touch that phone  
don't touch that phone  
Don't touch that phone  
don't touch that phone  
don't touch that phone)

I am not here,  
I'm making my escape  
The me you hear,  
Is magnetized on tape  
I'm flying south,  
For snorkeling and sleep  
(à Côte d'Azur),  
Just leave your message when you hear the  
(Don't you dare touch that phone)  
When you hear the  
(Don't you dare touch that phone)  
When you hear the  
(Don't you dare touch that phone)  
When you hear the beep.

When Sly calls,  
It's tit for tat  
When Sly calls,  
It's rat eat rat  
The sky falls  
The thunder Claps  
I see my house of cards collapse  
When Sly calls  
The muse gets jammed  
When Sly calls  
The best laid plans  
The sky falls  
The signal fades  
I lock the door and shut  
the shades

And contemplate the crystal

blue familiar funk I'm  
plunged into  
When Sky calls
