

# Have A Little Faith

Michael Franti & Spearhead

I know it's hard when you're down  
And the bad times seem to follow you around  
And they got no reason to show  
Don't let it go, oh no  
And when it's 3 in the morn  
And you've told your whole life story to a telephone  
And the radio's the only thing to let you know  
You're not alone, oh no

Just have a little faith in me  
I'll have a little faith in you  
So have a little faith in me  
Don't let it go, oh no  
And I wish I was there  
Just to run my own fingers through your worries and cares  
Even though I fumble and fall  
Don't let it go, oh no

And when the rain falls down  
You know the flower's gonna bloom  
And when the hard times come  
You know the teacher's in the room  
And when the sun comes up  
You know that I'll be there for you

Don't let it go, oh no  
Just have a little faith in me  
I'll have a little faith in you  
Uh huh  
So have a little faith in me  
Don't let it go, oh no

Just have a little faith in me  
Uh huh  
I'll have a little faith in you  
So have a little faith in me  
Don't let it go  
Don't let it go  
Don't let it go  
Don't let it go  
Don't let it go

Just be strong for me  
I'll be strong for you  
Just be strong for me  
I'll be strong for you  
Just be strong for me  
I'll be strong for you  
Just be strong for me

Don't let it go  
Don't let it go  
Don't let it go  
Don't let it go  
Don't let it go

Oh...

Don't let it go

Oh...

Don't let it go

Oh...

Don't let it go

Don't let it go
