

We Do This Every Day

Michael Franti & Spearhead

Now this sound run town and all around!

People tell me all the time
I'm wasting all my time
But all I know
Is I've been thinking 'bout the times we had last June
Rocking to them old rude boy tunes
Out until the sun goes down with you
And out until the sun comes up with you

Rising up, work all day
Monday I got bills to pay
Tuesday, Wednesday, struggle all day
Thursday come, no holiday
Friday night, weekend here
Call up the DJ help on the way
Saturday, time to play
Pump up the music, pump all the way
Throw 'em up hands in the air
All night long we don't care
Throw 'em up hands in the air
All night long we don't care
Throw 'em up hands in the air
All night long we don't care
Throw 'em up hands in the air

We do this every day, we do this every day
We do this every day, we do this every day

And I wanna be there in the sun
When the whole world becomes one
And I wanna be there in the sun
When the whole world becomes one
Becomes one

Now this sound run town and all around!

I don't know about these times
I'm hearing all the time
About another brother leaving life
Far before this time
Oh sister can you help me ease my mind
I know a change is gonna come in our lifetime
And so we never give up the fight
Until that time comes

Rising up, work all day
Monday I got bills to pay
Tuesday, Wednesday, struggle all day
Thursday come, no holiday
Friday night, weekend here
Call up the DJ help on the way
Saturday, time to play
Pump up the music, pump all the way
Throw 'em up hands in the air
All night long we don't care
Throw 'em up hands in the air

All night long

We do this every day, we do this every day
We do this every day, we do this every day

And I wanna be there in the sun
When the whole world becomes one
And I wanna be there in the sun
When the whole world becomes one
Becomes one, becomes one

Slow down, you move too fast
You got to make the moment last, you know
Slow down, you move too fast
You got to make the moment last, you know
Slow down, you move too fast
(Throw 'em up hands in the air)
(All night long we don't care)
You got to make the moment last, you know
(Throw 'em up hands in the air)
(All night long we don't care)
Throw 'em up hands in the air
All night long we don't care
Throw 'em up hands in the air

We do this every day, we do this every day
We do this every day, we do this every day

And I wanna be there in the sun
When the whole world becomes one
And I wanna be there in the sun
When the whole world becomes one
Becomes one
