Don't Save Me From Myself

Michael Hutchence

I'm not keeping time Get me outta here Folding up my crimes Ready for what's said to me

All that glitters shine Love that new attraction Animal inside Leads me to the conclusion

Don't save me from myself Don't save me from myself

I listen to the wind And mystery comes alive Don't tie me up again Separate love from possession

Does all that glitters shine Love that new attraction Animal inside Leads me to the conclusion

Don't save me from myself Don't save me from myself
