

# Let Me Show You

Michael Hutchence

This shattered town gets me down  
My ticket's booked then you were found  
I tore them up like you tore my heart  
I'm black and blue from love and art

(Give it up, Gimme)  
Who could take it?  
(Give it up, Gimme)  
I guess I'll shake it, but  
No-one touches all you are  
Strip to show me all you are

Let me show you how you make me feel  
(I've got my finger on the trigger)

Well through the twilight how I've tried  
To get my thoughts deep in your mind  
In my sleep I've tasted you  
Intoxicated by your every move

(Give it up, Gimme)  
Who could take it?  
(Give it up, Gimme)  
I guess I'll shake it, but  
No-one touches all you are  
Strip to show me all you are

Let me show you how you make me feel  
(I've got my finger on the trigger)
