

## True Love

Michael Johnson

True love takes a long tome to make  
Losing it causes a whole lot of heartache  
True love ain't easy to find.  
Sometimes you don't know you've got it  
Till you leave it behind  
There's a feeling I get when I think about you  
Realize what we had was true  
Could've saved it, but I was too blind  
And I know I might search a lifetime through  
And never find another love like you  
It was true love, and that's a hard love to find  
'Cause I know true love takes a long tome to make  
Losing it causes a whole lot of heartache  
True love ain't easy to find  
Sometimes you don't know you've got it  
Till you leave it behind  
Well I've known love burning hot, love turning cold  
Until I lost it, I didn't know...  
True love takes a long tome to make  
Losing it causes a whole lot of heartache  
True love ain't easy to find  
Sometimes you don't know you've got it  
Till you leave it behind  
Sometimes you don't know you've got it  
Till you leave it behind
