

# Whisper Your Name

Michael Johnson

1st Verse:

Tonight I am thankful, for tomorrow begins, a life time together,  
the two hearts will win.

I have loved you as surely, as love has no shame, for as long as  
you're listening I'll whisper your name.

Chorus:

I will whisper your name, when you're wounded and caught.

Oh when love beats so loudly, a whisper is lost.

And if I made the rules, and if time was the game.

I would promise forever, to whisper your name.

2nd Verse:

Well, if you strike a match, and set the whole world aflame, and  
they used up the ocean, but still prayed for rain.

When they cry for the guilty, I'll take the blame, and when no  
one is listening, I'll whisper your name.

Chorus:

I will whisper your name, when you're wounded and caught.

Oh when love beats so loudly, a whisper is lost.

And if I made the rules, and if time was the game, I would promise  
forever, to whisper your name.

Bridge:

And if I made the rules, and if time was the game, I would promise  
forever, to whisper your name.

Chorus:

I will whisper your name, when you're wounded and caught.

Oh when love beats so loudly, a whisper is lost.

And if I made the rules, and if time were the game.

I would promise forever to whisper your name.
