

# Breaking My Heart

Michael Learns to Rock

I'm on the floor counting one minute more  
No one to break the silence  
Staring into the night all alone but that's alright  
It's the feeling deep inside I don't like

There is no excuse my friend  
For breaking my heart, breaking my heart again  
This is where our journey ends  
You're breaking my heart again

Here in my bed counting the words you've said  
They linger in the shadows  
Coming home late at night drunk again but that's alright  
It's the look in your eyes I don't like

There is no excuse my friend  
For breaking my heart, breaking my heart again  
This is where our journey ends  
You're breaking my heart again

There is no excuse my friend  
For breaking my heart, breaking my heart again  
This is where our journey ends  
You're breaking my heart again

There is no excuse my friend  
For breaking my heart, breaking my heart again  
This is where our journey ends  
You're breaking my heart again
