

## Icebreaker

Michael Learns to Rock

There is something about you baby  
I keep thinking why should I care  
'Cause I'm a denier of damage suppliers  
Surrounding me everywhere

So I try not to smile but I fail  
I am going to leave but I stay  
Invisible hands  
changing my plans  
Knowing the end of the day

Icebreaker take me higher  
Just hold your warm body next to mine  
Keep setting me on fire  
And don't tell me love is blind

I am playing somebody's role  
And you've got the remote control  
Strong as a flower you've got the power  
Twisting around my soul

Icebreaker take me higher  
Just hold your warm body next to mine  
Keep setting me on fire  
And don't tell me love is blind  
Icebreaker keep me in motion  
I read your life as a fairytale  
The sea around me is frozen  
Show me where I can sail
