

Magic

Michael Learns to Rock

I see you moving around in the light
Been watching you for a while
I don't know what's inside of your mind
But it's lightning when I look in your eyes

I never trusted in miracles
I never looked in the stars
But when I see an angel on earth
That makes my heart sing
I believe in anything

Cause there is magic in the way you walk
Something's special in the way you talk
This is real, this is true
I've got faith in you

La la la la... la la la
Every little thing you do...
becomes magic

La la la la... la la la
Every little thing you do...
becomes magic

You've gotta
stop this feeling of burning desire
from slowly driving me mad
So bring me in from the cold with your love
I'm never gonna stop
never gonna give you up

Cause there is magic in the way you walk
Something's special in the way you talk
This is real, this is true
I've got faith in you

La la la la... la la la
Every little thing you do...
becomes magic

La la la la... la la la
Every little thing you do...
becomes magic

La la la la... la la la
Every little thing you do (every little thing)

La la la la... la la la
Every little thing you do... every little thing you do...
becomes magic

La la la la... la la la
Every little thing you do
becomes magic

La la la la... la la la
Every little thing you do

becomes magic

La la la la... la la la
Every little thing you do
becomes magic
