

## My Blue Angel

Michael Learns to Rock

Your're such a serious girl  
You've got the weight of the world on your shoulders  
You hide away in your room  
And every day you get just that much older

Your mind is filled with politics  
Global trends and dirty tricks  
Let it breathe let it be  
Find a little heaven (find a little heaven with me)

My blue angel it's no crime  
To make sweet love in the moonlight  
My blue angel there's a time  
A time for saving the day  
And time to fly away

You've got a beautiful face  
Oh but you're wearing the saddest expression  
You know that life is too short  
For only seeing your darkest obsession

You're so consumed with social views  
Conspiracies and hidden clues  
Give it up set it free  
Come and spread your wings (come and spread your wings for me)

My blue angel it's no crime  
To make sweet love in the moonlight  
My blue angel there's a time  
A time for saving the day  
And time to fly away

The Middle East, Beijing Square, guncontrol, polluted air,  
The right to life, the CIA, the mystery of JFK  
Brutality and acid rain, homelessness and so much pain  
Crazy times, violent crimes, its enough to blow the mind
