

# Shanghaid In Tokyo

Michael Learns to Rock

First time I laid eyes on you  
I came to understand  
What makes a tiny boy  
A full grown man

First time I saw the sun go down  
I started to believe  
There's more between the stars  
Than we can see

It went wrong  
I search on  
To find love  
And when I fall I'll climb the walls and fly

Shanghaid in Tokyo Surfing downtown Kokomo  
The whole world is spinning as I'm passing thru  
Hard rocking in Rio  
Hitchhiking down Borneo  
Anywhere I go will take me back to you

So I'll keep on travelling  
To ease a restless soul  
From the shores of Shangri La  
To the south pole

I'll sail on the seven seas  
I'll trip to outer space  
I'll cross any dirty road  
To see your face

Love is strong  
I search on  
To find you  
And when I fall I'll climb the walls and fly

Love is here  
And love is there  
From heaven to the ground  
It's in the sun  
It's in the rain  
It's growing all around
