## Wild Women

## **Michael Learns to Rock**

Can I act like an angel If I live like a jerk Can I keep on disguising Can I make believe That I don't deceive No..no..no

Send the wild women out the backdoor My wife is knocking at the frontdoor They made me a winner they made me a sinner I don't know what to do Dirty money in the left hand While the preacher's shaking my right hand They made me a winner they made me a sinner I don't know what to do

When I'm riding on top of The wave of success Will I lose my devotion Will I fail to see What I used to be Oh..oh..oh

Send the wild women out the backdoor My wife is knocking at the frontdoor...

I'll have to carry on As two persons in one..... Two persons in one....

Yeah, Yeah, Yeah, Yeah... Two persons in one....

Aiyi Aiyi Ai

Wild Women out the backdoor My wife is knocking at the frontdoor... (3x)
