

# You Keep Me Running

Michael Learns to Rock

I never met anotherone  
Who made my life so much fun  
'cos every moment I'm with you  
I never know what you're gonna do

Every day you change your mind  
Do something different all the time  
Life is a game you wanna play  
Twentyfour hours a day  
It's funny how

You keep me running going and coming  
I like the feeling it's out of control  
There's no denying you send me flying  
I'm hoping you catch me when I fall

You drive me crazy but I don't mind  
Someone like you is hard to find  
I like the way you're moving around  
In your world everything is upside down

Every day you change your mind  
Do something different all the time  
Life is a game you wanna play  
Twentyfour hours a day  
It's funny how

You keep me running going and coming  
I like the feeling it's out of control  
There's no denying you send me flying  
I'm hoping you catch me when I fall
