

Every Time Christmas Comes Around

Michael McDonald

Old man winter's coming on
The nights are long and the days are gray
The fading sound of the robin's song
Summer days seem a lifetime away

It's the time that we look to each other
To raise our spirits, chase the blues away
That time of year when we all get together
I see it comin' I can hardly wait

It's all right I can't stop thinkin' 'bout it
It's a good life, no time to be sad
I feel so right every time Christmas comes around
Feel so right baby

Children's laughter and the snow on the ground
Starts lifting my heart up baby
I feel love and the joy all around
That's how I know that it's Christmas darlin'

So glad that we've still got each other
And this love is a gift we'll exchange
A prayer for peace for my sisters and brothers
Let's ring the bell and bring on the holidays

It's all right I can't stop thinkin' 'bout it
It's a good life, no time to be sad
I feel so right every time Christmas comes around

Merry Christmas, baby

So glad that we've still got each other
And this love is a gift we'll exchange
A prayer for peace for my sisters and brothers
Let's ring the bell and bring on the holidays

It's all right I can't stop thinkin' 'bout it
It's a good life, no time to be sad
I feel so right I know I'm gonna see it

It's all right I can't stop thinkin' 'bout it
It's a good life, no time to be sad
I feel so right every time Christmas comes around

I can't stop thinkin' 'bout it
It's a good life, no time to be sad
I feel so right I know we're gonna see it

It's all right I can't stop thinkin' 'bout it
It's a good life, no time to be sad
I feel so right every time Christmas comes around

It's all right I can't stop thinkin' 'bout it
It's a good life, no time to be sad
I feel so right
