From Here To Eternity

Michael Peterson

I did everything I could to get you here tonight Without telling you why Now girl if you only would please hold out your hand And just close your eyes I've been dying to ask you this one burning question Will you be mine

From here to eternity I'm asking you to share your life with me Now and forever I guarantee I'll always stay by your side I promise my love to you I'm willing and able and ready to Whatever you need I am here for you And I'll always be From here to eternity

Well, I saved a year for this ring I can't wait to see how it looks on your hand I will give you everything that one woman needs For a one woman man I'll be strong, I'll be tender A man of my word, and I will be yours

From here to eternity I'm asking you to share your life with me Now and forever I guarantee I'll always stay by your side I promise my love to you I'm willing and able and ready to Whatever you need I am here for you And I'll always be From here to eternity
