

# Summerdays

Michael Schenker Group

You don't even know me  
You forgot my name  
all i know is what we had  
that's a crying shame

The other day I saw you walking  
down the street  
felt a tremble in my hand  
if only we could meet

Living a illusion  
A melody run me by  
Stuck In this Confusion  
Don't let the music die

Running Into Danger  
i'm coming off the rail  
Don't treat me like a stranger  
cos a love that failed

I am just a loner what do I have to do  
Searching through old battlefields  
getting back to you

Release Me  
Why can't you

those summer days  
when life was good somehow  
I do remember  
it's hard to find  
That's why I miss you now  
i'm failing

You don't even know me  
You forgot my name  
all i know is what we had  
that's a crying shame

Release Me  
Why can't you

those summer days  
when life was good somehow  
I do remember  
it's hard to find  
That's why I miss you now  
i'm failing

I'm just a Loner  
What do I have to do
