

# Take Me Back

Michael Schenker Group

Take me back into your heart again  
I've been out in the cold for so long  
It's ' been that way Since I don't know when  
It's my way of sayin' I'm wrong  
I wanna touch you' Try to believe me  
It's hard when the magic is gone  
I wanna love you And when it's over  
Love you all over again

Take me back into your heart babe  
Take me back And get me back on the line  
Take me back into your heart babe  
Take me back 'Cos we got nothin' but time  
Take me back into your heart again

The hardest part is lovin' in vain  
I' m tired of livin' with loneliness  
I know that we both think the same  
Try to let your body surrender  
It's driven' me out of my mind  
Try to show me some kind of emotion  
And all that you're feelin'inside  
Take me back into your heart again  
I've been out in the cold For so long  
I'm tired of livin' with loneliness  
Loving you could never be wrong

Take me back into your heart babe  
Take me back And get me back on the line  
Take me back into your heart babe  
Take me back 'Cos we got nothin' but time
