

# Hopeless Heart

Michael Schulte

Oh if I just could fall  
Into a non-existing world,  
Cause all my love has died here.

And if I just could say  
That this is never no more,  
No more, no more.

CHORUS

No no we got no hope.  
No no we got no hope.  
Will the devil arise  
When I lose my head?

No no we got no hope.  
No no we got no hope,  
Cause you left a scar  
In a hopeless heart.

Oh if I just could fall  
Into the love that we once had,  
Just to break your heart too.

And if I just could say  
That the fear is long gone,  
Long gone, long gone

CHORUS

It's a cold heart  
That's lost into the dark now,  
The call is too quiet,  
So it won't be found.
