

# I Never Said I Loved You

Michael Schulte

If i could change the world  
I'd rearrange the words  
And leave a few unspoken  
But that's not how it is  
You can't return a kiss  
And sometimes hearts are broken

You can't forget your memories  
Like a song without a melody

It's a long, it's a long way  
I was wrong, I was wrong, hey  
Talking like we know the words  
For all I never said, and all you somehow heard  
Misreading my feelings  
I'm sorry it hurts, but it's true  
I never said i loved you

Baby this is it  
Some things just don't fit  
But it doesn't stop us trying  
Gotta learn to let it go  
Take a turn on what you know  
I don't like to see you crying  
There's only one way out here  
But it's not the way you want hear

CHORUS

Hearing is believing  
And i hate to see you leaving  
Hearing is believing  
But what you thought you heard  
Got you caught in hurt  
What you thought you heard...

CHORUS
