

# Run Away

Michael Schulte

No, i can't fight no more tonight  
my words are useless here  
but i can't find your melody the same  
oh, i won't be your remedy again

no, i don't wanna know  
you won't let it go  
watch us as we grow  
to and fro, to and fro  
lover, enemy  
grippin twisting me  
something's gonna give

what if i run, if i run away?  
what would you care if i stay?

i'm running away (i'm running, i'm running away)  
i mean what i say (i'm meaning, i mean what i say)  
running away (i'm running, i'm running away)  
i'm running away

oh, i can't see you listening  
my darling, do you hear?  
oh, i can't play your melody the same  
oh, i won't be your remedy again

no, i don't wanna know  
you won't let it go  
watch us as we grow  
to and fro, to and fro  
lover, enemy  
grippin twisting me  
something's gonna give

what if i run, if i run away?  
what would you care if i stay?

i'm running away (i'm running, i'm running away)  
i mean what i say (i'm meaning, i mean what i say)  
running away (i'm running, i'm running away)  
i'm running away

i'm running, running away  
i'm meaning, i mean what i say  
i'm running, running away, away

what if i run, if i run away? what would you care if i stay?

2x

i'm running away (i'm running, i'm running away)  
i mean what i say (i'm meaning, i mean what i say)  
running away (i'm running, i'm running away)  
i'm running away
