

Stormy Days

Michael Schulte

Don't let go
When leaves fall down
cause when we stay
they won't reach the ground
Make them fly
With the wind
Into the sky
when fall begins
We'll be here till salvation comes
and we don't fear, it will all be done
Stormy days now,
we'll not break, just erase them, just erase them
cause we're the storm now
fighting for what we believe in, we will be then

It's time to move
we're still awake
we're on the road
to leave this place
We don't mind
when darkness falls
cause there's a light
to guide you home
We'll be here till salvation comes
and we don't fear, it will all be done
Stormy days now,
we'll not break, just erase them, just erase them
cause we're the storm now
fighting for what we believe in, we will be then
