

# Take Me As I Am

Michael Schulte

Well, i grew up as a child with harm  
and no one really understood  
how i felt when you left me there  
on my own we need despair

so take me as i am or just go away  
take me as i am, i don't need your sorry's  
take me as i am or you're here in vain  
away you go-oh-oh  
4x whoa-oh-oh

now i got hurt at least a thousand times  
when they told me i would never rise  
but last the years we're part with our hope  
and who's the one that's aiming high?

so take me as i am...

and who's laughing now  
and who's the one that's crawling down on the ground  
who's laughing now  
and who's the one that's crawling down on the ground  
trying to stay connected

so take me as i am...
