

# Lay Back

Michael Sembello

In this place, I hear desires  
The secret of love that lights the fire  
We can make it happen  
It don't have to be a fantasy  
The key to ourselves

There's no law for love to measure  
What to call forbidden pleasure  
Should we take the chance?  
Will we make romance?  
Reality, but first we must both come free

Lay back, back  
Lay back  
Lay back, back  
Lay back  
Lay back, back  
Lay back

On this morning masquerade  
I'm not sure of who to blame  
Is it jealousy hypnotizing me to change my mind  
To stop this feeling deep inside?

Lay back, back  
Lay back  
Lay back, back  
Lay back  
Lay back, back  
Lay back

If you're afraid of what you might be feeling  
Just kick back, relax and let it happen

Lay back, back  
Lay back  
Lay back, back  
Lay back  
Lay back, back  
Lay back

Lay back, back  
We were young, didn't know the rules at the time  
Was it a passion or was it just a crime?  
Lay back, back  
We gotta lay back  
Remember, oh no, whoa  
Lay back, back  
Whoo!
