

# Bad Habits

Michael Tolcher

I get all my bad habits watchin' you  
It's true  
Well, I wish that things were so different  
Change it myself  
It's what i'll do

But, I can't figure it out, yet  
Just how to make it perfect for you  
But, I'm closer than I was  
Yesterday

Yeah, I'm closer than I was yesterday

They say that life is for learning  
Well, teach to me to live  
While I'm here  
Messages twisted and turning  
What should I give  
Make it clear

'Cause I can't figure it out, yeah  
I can't figure it out, yet  
Just how to make it perfect for you  
But, I'm closer than I was  
Yesterday

Yeah, I'm closer than I was yesterday

Don't you know there's no difference  
I'm not the same  
I'm only here  
To be with you  
And now I'm closing the distance  
Dropping the claim  
Trading the past for something new  
Something new

Why would you work without living  
Spending your soul  
What's it worth?  
Well, I hope you make it to heaven  
Waiting for life  
Here on earth

'Cause I can't figure it out, yet  
I can't figure it out, yet  
No, I can't figure it out, yet  
Just how to make it perfect for you  
But, I'm closer than I was  
Closer than I was  
Yeah, I'm closer than I was  
Yesterday  
Yeah, I'm closer than I was  
Yesterday
