

Already Gone

Michael Trent

If I could make it ok
Then we could go our own way
But if you happen to see me out
You'd know that I'm still tryin to
Hold on, to something that's already gone
And I know
That there's a whole lot of
Things that I could have done
I know

Tried to get up but I fell
My face is bloody as hell
But would you notice if I walked in
And stood in the back row
I'm still tryna
Hold on, to something that's already gone
And I know
That there's a whole lot of
Things that I could have done
And I know

If I run out of time
To make things right
Then I'll live with it
But I can't ignore the lies
And the doubts inside
So I gotta deal with it, now
Hold on, to something that's already gone
And I know
That there's a whole lot of
Things that I could have done
And I know
