

Jack is in the corner  
The dish is with the spoon  
The sheep is in the meadow  
The cow is on the moon  
But I am here with you and I believe  
There's no other place I'd rather be  
And a promise not to leave you  
Is a promise I can keep

You're my muse  
You're my rhyme  
You're the fire warming this heart of mine  
When you hear me say "I love you"  
Anna, do you know how much I do?

So I watch you from a distance  
Getting lost within your world  
You pretend to be a princess  
As you flutter and you twirl  
Fragile as the flower in your hair  
Dancing in your castle, unaware  
That a single day without you  
Would be more than I could bear

You're my muse  
You're my rhyme  
You're the fire warming this heart of mine  
When you hear me say "I love you"  
Anna, do you know how much I do?

Little Anna, little star  
That is what you really are  
Cross my heart and hope to die  
You're the apple of my eye

You're my muse  
You're my rhyme  
You're the fire warming this heart of mine  
When you hear me say "I love you"  
Anna, do you know how much I do?

You're my muse  
You're my rhyme  
You're the fire warming this heart of mine  
When you hear me say "I love you"  
Anna, do you know how much I do?
