Eagles Fly

Michael W. Smith

I will run and not be weak Hope has come Renewed my strength I have found what I did seek And I'm ready to fly

All forgiven, all forgot Heaven waits beyond the plot Swing low, sweet chariot Yes, I'm ready to fly

Father come to save my soul Father come to Make me whole There was a price He paid the toll Gave me freedom to fly

And every battle, every war You will be my shield and my sword You know I'm waiting on You Lord You give me freedom to fly

Watch the eagles fly Gonna set your feet on high On the wind, like a dove Go on and fly In the shadow of love

Fly, gonna fly

Yes, I'm watching you fly He set your feet on high On the wind, like a dove Go on and fly In the shadow of love
