Matter of Time

Michael W. Smith

If I could I would tell you why The first time I saw her I could touch the sky I turned to stone...and I could not speak She had the ability to make me weak

Always wishing... always hoping That she'll get the message from the Bottom of my heart Let's together...share forever It's just a matter of time

I had to wait and just let her breathe That's never been easy for a man to see She moved slow... and she took her time She kept me guessing what was on her mind

It's just a matter of time Let's forever...be together It's just a matter of time It's just a matter of time
