

Rise

Michael W. Smith

Walk across the shore
Walk across the sea
Stand upon the waves
And walk with me
Journey through the door
Come see what I can see
All the reasons we were made
Who we were meant to be

Rise, He's calling you to go
Just leave it all behind
And rise above

Beyond the obvious
And what you can attain
Past the here and now
Where faith remains
Lift your weary head
There's too much left to lose
More than you can imagine
It's waiting there for you

Rise, He's calling you to come
Just leave it all behind
And rise above

Come and stand
And join with me as one
Now take my hand and we
Will rise above

(yeah) (ooh, oh) (yeah) (ooh, oh) (yeah) (ooh, oh)

Rise, He's calling you to come
Just leave it all behind
And rise above
Come and stand
And join with me as one
Now take my hand and we
Will rise above

(ooh, oh) (ooh, oh) (ooh, oh)

Come stand with me

(ooh oh) (ooh, oh) (ooh, oh)

Come stand with me
