

You Belong to Me

Michael W. Smith

I knew you were the one
My heart was overcome
The day I looked into your eyes
The feeling's so surreal
Like time was standing still
When you said you would be mine

Oh, you are a miracle
Sweeter than I've ever dreamed
You're so much more than beautiful
How can it be that you belong to me?

So walk with me awhile
And we will spend our lives
Learning the mysteries of love
And through the darkest nights
We'll hold each other tight
I promise that we'll be enough

Oh, you are a miracle
Sweeter than I've ever dreamed
You're so much more, more than beautiful
How can it be that you belong to me?

Oh, girl, you are, you're more than beautiful
How can this be that you belong to me?
