

Ukolébavka z Tennessee

Michal Tučný

The road is long and the price is so high
To be what you think that you ought to be
It seems like time just melts in my mind
And I can't find no place to run away from me

I can feel your loneliness
Come on, lay down by my side
And I will sing to you a Tennessee lullaby
Yes, I will sing to you a Tennessee lullaby

If you lay in my arms I'll sing you my rhymes
I'll satisfy your body and I'll ease your troubled mind
Oh you know it's a one-night stand
But sweet love will make us strong
And I'll be moving on, when the morning comes

I can feel your loneliness
Come on, lay down by my side
And I will sing to you a Tennessee lullaby
Yes, I will sing to you a Tennessee lullaby
