

# Fountains of Heroine

Michale Graves

Please, please believe  
Can't you see  
This is not me

Weep, weep next to me  
Eternity  
We bleed, bleed from me  
And you'll be free, yeah, free

Is someone here again  
They always come around  
See the other side, reality  
The illness of the clowns

Sleep, children sleep  
Their cries and plea's  
Help me, help me

Is someone here again  
They always come around  
See the other side of reality  
The illness of the clowns

Freezing, falling, hang on
