

Fountains of Heroine

Michale Graves

Please, please believe
Can't you see
This is not me

Weep, weep next to me
Eternity
We bleed, bleed from me
And you'll be free, yeah, free

Is someone here again
They always come around
See the other side, reality
The illness of the clowns

Sleep, children sleep
Their cries and plea's
Help me, help me

Is someone here again
They always come around
See the other side of reality
The illness of the clowns

Freezing, falling, hang on
