

# Monster

Michale Graves

We are victims of circumstance  
Tell me the truth  
Technology and the consciences  
Reach out and touch you

You're a waste of life

I am the source of your destruction  
I'm a trench coat demon seed  
I'm on a path of self destruction  
I am so revelation, serve up your revolution

Countdown, monster god  
Technology and the non-solution  
Your answer's come to light  
Your answer's come too late

You're a waste of life

I am the source of your destruction  
I'm a trench coat demon seed  
I'm on a path of self destruction  
I am so revelation, serve up your revolution
