

## Where Are You Now?

Michelle Branch

Maybe I'd do better on my own  
No one ever seems to understand me  
It's easier for me to be alone  
There's still a piece of me that feels so empty

I've been all over the world  
I've seen a million different places  
Back through the crowds and all the faces  
I'm still out there looking for you... ho oh

Where are you now?  
I'm trying to get by with never knowing at all  
What is the chance of finding you out there?  
Do I have to wait forever?

I write about the things I'll never know  
And I can find a moment just to slow down  
It makes me think I'll never have the chance  
To figure out... what it's all about  
So tell me... what it's all about... 'cause

Where are you now?  
I'm trying to get by with never knowing at all  
What is the chance of finding you out there?  
Do I have to wait forever?  
Yeah, la da da da da n da da da... oo oo oo

Where are you now?  
I'm trying to get by with never ever knowing at all  
And I still don't know

Where are you now?  
I'm trying to get by with never ever knowing at all  
What is the chance?  
Of finding you out there  
Do I have to wait, do I have to wait, do I have to wait forever  
?  
Oo oo oo oo oo oo... yeah eh yeah
