

# The Fall

Michelle Chamuel

How did we get here?  
It all happened so fast  
I didn't know we were movin'  
Or see the point we have passed  
Said "Darling, do you remember  
When enough was enough?"  
Tell me how did we get here?  
When did we lose the love?

[Chorus:]

Can't take my new if you wanted to  
You can't take back the things that you say  
Oh, how we change just a little bit every day  
Can't push away what you've got to face  
So now we watch as we're slipping away  
Oh, how we change just a little bit every day

How did we get here?  
Is it really the end?  
I didn't know we were movin'  
It's like we only began  
And now all I remember  
Is getting caught in the rush  
So, tell me how did we get here?  
When did we lose the love?

[Chorus]

When did we lose the love?  
When did we lose the love?  
When did we lose the love, love, love?  
When did we lose the love, love, love?  
When did we lose the love, love, love?  
When did we lose the love, love, love?

[Chorus]

When did we lose the love?  
When did we lose the love?  
When did we lose the love?
