

## My Sweet

Michelle Darkness

don't wanna get more fears  
Cause I suffocate in my life's misery

Can't you see that I need you like me  
We collide, our hearts, you and me  
I need you, I need you, you need me

I don't wanna live anymore  
Without you my sweet  
Don't wanna live anymore  
You're all I need

I don't wanna cry more tearws  
Cause I have enough of this life's misery

I don't wanna live anymore  
Without you my sweet  
Don't wanna live anymore  
You're all I need

I don't wanna get more years  
Cause I need you to release me
