

# Perfect

Michelle Featherstone

I see you across a crowded room  
I see you across a crowded room  
I see you across a crowded room

And I'm paralyzed  
I'm paralyzed  
'Cause you're perfect

I wonder if I'll ever get to talk to you  
I wonder if I'll ever get to talk to you  
I wonder if I'll ever get to talk to you

When I'm paralyzed  
I'm paralyzed  
Because you're perfect

When you leave tonight  
You're lovely smile and the way you shine  
It won't be mine

If all I get is just one day  
I'll have to say in every way  
You're perfect

I wonder if you'll notice that you've changed my life  
I wonder if you'll notice that you've changed my life  
I wonder if you'll notice that you've changed my life

And I'm paralyzed  
I'm paralyzed  
Because you're perfect

When you leave tonight  
You're lovely smile and the way you shine  
It won't be mine

If all I get is just a day  
I have to say in every way  
You're perfect

You're perfect
