

Small House

Michelle Featherstone

In this small house
Made of brick an stone
Built on laughter
And all our dreams and hopes
In this small house
Together we have grown
Made a family
Made us all a home
Oooooooooo
Oooooooooooooo
In this small house
Bursting at the seams
With our history
And sweet memories
In this small house
If these walls could speak
They tell secrets
Of the lies we weep
Oooo
Oooooooo
In this small house
Worn from all the years
Tells a thousand tales
Hides forgotten tears
In this small house
We will reminisce
All the stories
Inside the stone and brick
Ooooo
Ooooooooooooo
Ooo
So let the rain come down
Let the thunder roar
Let the old wind blow
Let the elements
Do their very best
They will not shake this home x2
In this small house
That was made with care
Sees us holding hands
In our rocking chairs
In this small house
That father times a test
Is were our ashes
Will finally lay to rest
