

# Feel

Michelle Tumes

Hark! The wind of passion  
swiftly weaving over your soul  
Bless the surge of thunder rolling onto your shore  
Greet the deep emotion  
That sleeps beneath the ocean floor  
Watch elation bound release its furious roar

Feel! Feel! Feel! Feel what you long to  
Feel! Feel! Feel! Feel what you long  
to feel.

Pound the sands of courage  
Reach for clouds that cover the foam  
Dance with bold expression  
Leaping from silent abodes  
Face the wild commotion  
Free restraint and struggle no more  
Let the moon raise all that  
Dwells in the tides of your core

Feel! Feel! Feel! Feel what you long to  
Feel! Feel! Feel! Feel what you long  
to feel

Weep, sigh, laugh, cry  
Flee from the snares that wish to  
deny how you feel  
Hope, live, love, yearn  
And feel, feel what you long to
