

Private Party

Michelle Williams

Tell me if it's a crime
Maybe I'm wrong
But out of my mind
When I see what I want
Come and get it
I'm grown
Don't forget it
I don't mind showing him
I'm so wide open tonight

Baby, tonight
We can spend some quality time
You'll tell me secrets, baby I'll tell you mine
You can rest your feet and unwind (for a minute)
Be mine (for a minute)

You're so invited
To the party
I will cater to you
Make you feel like a man
I can
So come on

If you give me your sight
I'll make a move
'Cause I handle just fine
I wanna see what I want, boy
Come and get it
I'm grown
Don't forget it
I'll put it all on the table
I'm willing and able tonight

Baby, tonight
We can spend some quality time
You'll tell me secrets, baby I'll tell you mine
You can rest your feet and unwind (for a minute)
Be mine (for a minute)

You're so invited
To the party
I will cater to you
Make you feel like a man
I can
Come on

I'll do anything I'm not supposed to do
And I just hope you're ready when I approach you
Here's your invitation!

You're so invited
To the party
I will cater to you
Make you feel like a man
I can
Come on

Yeah, yeah, yeah...

You're so invited
To the party
I will cater to you
Make you feel like a man
I can
Come on

You're so invited
To the party
I will cater to you
Make you feel like a man
I can
Come on
