

## Purpose In Your Storm

Michelle Williams

You can make it, stop complaining  
There's a purpose for you life  
Mama's been where you goin'...it's gonna be alright  
He'll nev er pt moreo n you then you can bear  
It's temporary, it's gonna get better  
Yes it will

There is a light that's shinin'  
And soon the dawn will come  
You'll find purpose  
Purpose in your storm  
Soon you'll discover, peace like a river when the  
rain clouds form  
You'll find a purpse, purpose in your storm

Mark my word  
Keep on livin'  
I must have heared this a thousand times  
Daddy told me things will happen  
Go on ahead and cry  
Whoever said it would be easy  
walkin the street called life  
You can make, you'll survive it  
Yes you will
