

Sick of it

Michelle Williams

Where the hell you've been
You're about 3 hours off
when you should have been here right now
Boy, are you serious
To think that I'm gonna believe
That your broke down

I know that you were not where you said you were
When I called you they said you weren't there
Just tell me one more time I'm not played around
You better tell me something

I'm sick of it
I know that you've been lying to me
So stop it, stop it
Why you keep on hurting me
They way you do
Please stop it, stop
I'm so sick of it
I just don't want to go through this no more

Got this stupid look on your face
Like I speak another language
(for you I know english)
'Cuz there ain't nothing you can say
But that you're sorry for the hundred time, boy, anyway

I know that you were not where you said you were
When I called you they said you weren't there
Just tell me one more time I'm not played around
You better tell me something

I'm sick of it
I know that you've been lying to me
So stop it, stop it
Why you keep on hurting me
They way you do
Please stop it, stop
I'm so sick of it
I just don't want to go through this no more

It was me who
Always loved you
Never lied, never cheated
Always there when you needed
Does it please you
To take me through
All of this hurt and pain
What do you have to gain from this
'Cuz you don't get it
Boy, I'm finished, it's too late
I'm sick of it

I'm so sick of it
I know that you've been lying to me
So stop it, stop it
Why you keep on hurting me

They way you do
Please stop it, stop
I'm so sick of it
I just don't want to go through this no more

I'm sick of it
I know that you've been lying to me
So stop it, stop it
Why you keep on hurting me
They way you do
Please stop it, stop
I'm so sick of it
I just don't want to go through this no more
