

# I Envisage

Mick Harvey

I envisage the hold-ups  
On 5th. Avenue  
I envisage the bomb threats  
On the news  
I envisage your make-up  
Throw it away  
Out on Sunset Boulevard  
Where's my car anyway  
I envisage trench warfare  
How it failed  
Some turbine driven robots  
Neither female nor male  
I envisage your leaving  
Imminent I would really like that it hurts  
Now and then  
I envisage.....  
I envisage the worst

I envisage open couch beds  
The odour of musk  
Some burns some devastation  
In the nucleus  
Some natural echoes  
I tampered with  
I apprehend the silence which howls  
I envisage.....  
I envisage the worst

I envisage the concerts carnivores  
Some slaughter some carnage  
On the basement floor  
I don't want a diagnosis by what right  
I envisage a remake  
With me in the limelight  
I envisage re-examining myself one on one  
I envisage.....  
I envisage the worst
