

All Walks Of Life

Middle Class Rut

SHOUT!

In the middle class
I've been hiding
Chained up to a dog on a leash
All walks of life here are welcomed
To train you past on a new day

To get in
You need no invitation
No question
No belief
Just leave your mind where you found it
We have no use for thinking

You're right so...
What is it they've done for me?
Wally

You're right so...
What is it they've done for me?
Wally

Put me somewhere
I can't get out of
Just leave me close to the door
And I'll come in like I came out
Guess my life's not worth the pain

To wake
Alarms the brain
Alarms inside with a sudden gape
And there's all walks across... I,
I realize it's watching me

You're right so...
What is it they've done for me?
Wally

You're right so...
What is it they've done for me?
Wally

I reach out for my brothers
They are like me
A sheltered life comes short of being free
'Cuz you know I won't stop until I'm free

Check it! Check it!

IN THE MIDDLE CLASS RUT!!
I'm waiting
IN THE MIDDLE CLASS RUT!!
I'm waiting
IN THE MIDDLE CLASS RUT!!
I'm waiting
